At Work in Buckingham

Col. A. L. Pitts, of Charlottesville, and David H. Leake, of Richmond, campaign manager for H. St. George Tucker, spent several days in Buckingham county this week, doing considerable work in behalf of their candidate. They report a practically unanimous sentiment here in favor of Mr. Tucker, much of which comes from the fact that Buckingham is a county of the tenth district which was served so long by Mr. Tucker's father, John Randolph Tucker, and for a time by Harry St. George Tucker—Lynchburg News.

To The Ladies

You are urged to pay your poll tax and register. This is important and it's absolutely essential if you want to exercise the right of suffrage. Be prepared to vote when the time comes.

You must pay taxes before May 7th in order to vote in the primary August 2nd as well as the men.

Tucker Challenges Trinkle to Foot Race of 200 Yards

Harry St. George Tucker, a candidate for the democratic nomination for governor, came to Lynchburg yesterday from Mecklenburg county, where he delivered three speeches in two days. Replying to charges by his opponent, State Senator E. Lee Trinkle, that he is too old to be governor, Mr. Tucker said he is telling the people he is willing to settle the contest for the nominating by running a foot race of 200 yards with Mr. Trinkle, the winner of the race to be the nominee.

Continuing, Mr. Tucker said that in a football game, for instance, Mr. Trinkle might have the advantage because of his greater weight. In a foot race, however, Mr. Tucker said he was willing to pit his alleged age and debility against Mr. Trinkle's youth and avoirdupois. He said he was confident of being able to run the 200 yards in considerably better time than the Wytheville senator. A contest of this kind Mr. Tucker said he believed, would have the effect of showing up the fallacy of some of the arguments now being used by those favoring Mr. Trinkle.

Mr. Tucker, who spoke Tuesday and Wednesday at Chase City, South Hill and Boydton also stopped over for conference with his supporters at Kenbridge and Blackstone. He said he had assurances of overwhelming majority in Mecklenburg county, and that he has "never felt better".

"Where are you going this evening?" Mr. Tucker was asked as he started towards the station.

"I think I'll go back home and set two turkeys," was the reply — Lynchburg News of April 22.

The State Agricultural Department's April Bulletin

The agricultural bulletin for Aprtl, which Commissioner Koiner has mailed out, contains much valuable information to the farmers of Virginia. The subjects discussed are practical and timely. The importance of farmers' organizations and cooperation in marketing is discussed. Other interesting articles relate to the use of nitro culture for legumes, the making of cement floors and concrete walks around the home, cowpeas as an excellent hay crop, live stock co-operative shipping to the best market for the locality from which shipment is made. This bulletin also contains the germination tolerance table used in the enforcement of the Seed Inspection law, and the Virginia Tobacco Warehouse Sales Report, and other matter of interest to the farmer.

Any farmer can get these monthly helps free of cost by sending his address to Commissioner G. W. Koiner, Richmond, Va.

Tobacco Growers Meet and Mr. Flood Speaks.

The meeting of the Tobacco Growers Asso., called by County Agent Byrne here last Saturday was well-attended, and it is said about 400 growers are signed up. The contract was further explained and Hon. H. D. Flood was invited to address the meeting, and was introduced by Hon. S. L. Ferguson. Mr. Flood endorsed the movement and urged a curtailment of the tobacco crop and more diversified farming.

He then took up the program of the Good Roads Ass. for a bond issue and asserted that it could not be done without an increase in taxes.

He criticised Com'r Coleman for the way he has avaded the great needs of the people on the Farmville to Lynchburg road improvement, while vast sums are being spent under his direction in other sections of the State.

The following resolution offerred by T. Burge Moore was adopted by a rising vote.

Resolved, that we, the farmers of Appomattox county in mass meeting assembled, are heartily in favor of building good roads in the State of Virginia, and hereby declare our support of any business like program for the building of roads throughout the State.

2. We declare ourselves as opposed to the proposition being advocated by Hon. George P. Coleman, State Highway Commissioner, and the Virginia Good Roads Association, for the authorization by the next General Assembly of a bond issue of $50,000,000 for the building of a State highway system.

3 We are opposed to the authorization of any bond issue by the legislator for the purpose of building good roads except where it may be necessary to meet a Federal appropriation.

4. We hereby earnestly request our Senator, Hon. S L Ferguson, to vote against an authorization of bonds except as above indicated.

5. We request the candidates for the House of Delegates from Appomattox county to communicate to the chairman of this meeting their views upon this subject. We hereby declare that we will support no candidate for the House of Delegates who is in favor of the Coleman Goods Roads Association bond program.

The Bright and the Dark

The Chamber of Commerce of Farmville, the second largest dark tobacco marketing town in Virginia has given its unqualified endorsement to the contract of the Tobacco Growers' Cooperative Marketing Association. The following endorsement from the bankers, commission merchants, business and professional men of Farmville, with a hundred influential signatures attached, is proof of the wholehearted and overwhelming support of this movement in the very heart of Virginia's dark tobacco belt.

"We the undersigned bankers, commission merchants, business and professional men of Farmville, hereby pledge our united support to the present movement of the tobacco growers to secure better prices for their product, and for organizing themselves into an intelligent cooperative marketing association".

Meanwhile, Virginia's greatest Bright Tobacco growing centers are showing unprecedented enthusiasm for the cooperative association of growers.

Halifax County opens its campaign this week with a mammoth mass meeting at South Boston, where the growers of that county will have their first opportunity to sign the five year marketing agreement.

More than 2500 contracts have already been distributed to 83 strong units of the organized growers of Halifax who prophesy a 75% sign up of that county within the near future.

At this week's mass meeting in South Boston, Hon. Joseph M. Hurt, Ex-president Virginia Banker's Association, and Southall Farrar, Va. District Agent, will urge upon the Halifax growers the necessity of cooperative marketing, to maintain a decent standard of living in Virginia country homes.

Following an extensive drive in Halifax, the campaign will soon reach Pittsylvania county when on May 14th Aaron Sapiro, leader of a famous cooperative marketing in California, will address a mass meeting of Pittsylvania Growers in the Danville Tabernacle.

It was Aaron Sapiro who launched the campaign of the Peanut Growers of Virginia and North Carolina to sign up half the peanuts of those States. The peanut growers have won their victory, and expect to reap their reward in cooperative markets and fair prices this fall.

Buckingham

King Soloman wrote a whole lot about fools, but I don't think he said that "a fool and his money soon parted". A lot of people parted with money they got in ways that were easy and some got it by tricks that were vain. Coming easy and fast as it did in 1920 people of most all classes spent it lavishly and some of them now with the change in times have come to want.

The potatoes that were bitten down by the frost have come out and have been worked out and then covered with straw.

Men who have stored away many barrels of flour thinking to sell it at a high price find that there is little or no sale for it even at the low prices it is being offered at. I saw I could not sell mine and let my tenants have it for new flour. While the wheat crop is looking unusually well there are so many things that can happen to it between now and harvest time that men had better go slow in parting with their flour at low prices.

The Sunday school at Maysville Presbyterian church has no superintendent since Judge Hall has been away but teachers and pupils are faithful and seem to enjoy teaching and learning.

There was a dance at Miss Rosa Moseley's home last Friday night and the young men paid two musicians $10 to make music for them.

Mr Everett Pearson had an accident when his car turned turtle and it was fortunate he was not hurt.

Senator Swanson has gotten out a very nice circular letter to his friends announcing his candicacy.

The teachers and pupils of the High school here are preparing for the school final and prominent Educators and Literary men are being invited to be here and grace the occassion.

Some corn was planted last week, but not many farmers have begun yet. Good seed corn is difficult to get as most of the corn crop was damaged.

Cattle have declined in price with other things and I can sell a very good cow for $35

Mr. F. H. Spencer who has charge of the jail here found that one of the colored men who is charged with the robery of Mr. Hughes store at Arvonia was trying to get out of jail by removing bricks in the wall, there was an iron gate he could not have gotten through, but all the same he was put in a steel cage.

Circuit Court convenes here in regular session on Tuesday after the 2nd Monday in May which is the 10th of the month.

A Private Theatrical Troupe from Arvonia was here on Saturday night intending to give an exhibition at the auditorium of the High school building but one of the ladies connected with the play was taken sick and the show was called off and announcement made that the money which people had paid for tickets would be returned.

There was no preaching at the Presbyterian church here on Sunday last as Mr. Barrell the pastor had gone to his homo in Maine where his sister Miss Louise Barrell had died. Miss Barrell was very well known here where she had visited her brother.

Prospective teachers in this county will not forget the Spring examinations.

Maysville District school board is to meet here on Saturday, April 30th.

Apple trees will have a fine chance to grow this year as they will bear little or no fruit. I saw one bloom on a tree Sunday and I guess there will be a few apples.

Falling River

We are desirous of a little space in your county paper this week as it has been some time since we sent any gleamings from our corner.

Our school at this place closed last Friday one of its most successful school terms not having been broken into by any contagion. this making the eighth successful term our teacher, Miss Maggie Chilton has taught for us, we are very greatful indeed to those in supervision for such a provision though we are still sorry to say there are at least a half dozen in our reach who do not send their children to school and never have been to school. When such is the case, what must be done? It is such a pity for children to grow up in this age wiih no education. Some step should be taken to prevent this state of affair.

We have a very interesting Sabboth school at Falling River and are anxious for a singing class conducted by Prof. Johnson.

Some of our people heard Mr. Ragland at Reedy Spring yesterday and were favorably impressed with the new pastor at that place and we hope he will do a good work at this place.

We are so sorry to hear of the sad death of Mrs Odell Howerton, wife of our postman and extend to him our deepest sympathy in his sad bereavement.

Some of our people attended the Presbytery at New Concord and enjoyed the occassion so much with the religious part and the entertainment were just fine. Go to New Concord for good things to eat, lots of people already know this, for the Preebytery was largely attended, and I have no doubt that everyone went away very much pleased along these lines. We hope the Presbytery will convene there again real soon.

We are sorry to say Mrs Wat Cyrus continues ill.

Best wishes to the Times and its readers.

Washington's Peculiar Hobby.

George Washington's principal diversion was training baby foxes. He was fond of fox hunting. He took the animals home, and trained them in all kinds of tricks, which he often exhibited to friends.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.
Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.
After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, Ohio.
Sold by all Druggists, 75c.

TINNING and PLUMBING

Have it done by a man who has served an apprenticeship at the business and guarantees his work. It won't cost you any more than you pay a jack leg.

Some Work to Raise Chickens.

Lola Sullivan, of Poplar Grove Farm, Trimble, Tenn, a poultry club girl, now 14 years old, has been making a good record since she was 10 years old. In that time she has contended against many disappointments because of diseases, storms, and "varmints." Notwithstanding all her troubles the little girl owns $50 worth of War Savings Stamps, and has a bank account of nearly $300 She concludes her annual report for 1920 with these lines.

All things considered, from beginning to ending,
Hatching and catching and feeding and tending,
Chasing and killing and scalding and pickin'
There's a great deal of work about raising a chicken.
Watching the hen while she's doing the batching,
Watching her, too, while she's eating and scratching,
Guarding 'gainst hawks and 'possums and rats,
Driving off crows and dogs and cats,
Ready all day to give something a lickin'
There's a great deal of work about raising a chicken.

Fire Insurance Policies written by Clement protect.

Trustee's Auction Sale, Valuable 27-acre Farm Near Pamplin.

As trustee in a deed of trust executed on April 15th 1920 and recorded in Appomattox County Circuit Court Clerks Office Deed Book No. 20, page 375, default having been made in the payment of the debt secured therein, and at the request of the beneficiary, I shall proceed to offer in front of the post office at Pamplin, Va, at public auction, on Saturday, May 28th, 1921, at 11 a. m., the following property: to-wit:

All that certain tract of land in Appomattox County, Virginia, containing twenty seven and one-fourth acres more or less, it being a tract of land purchased of R R. Davis, and located about one mile north west of Pamplin, Va., adjoining lands of Wm. Meadows, Jacob Webber, Kate Luster and others, with a small one story dwelling. Terms Cash.

O. E. PETERSON, Trustee.

"THE INDUSTRIAL HOME"

The Industrial Home turns waste into wealth; both waste material and waste men. Its work, therefore, is absolutely of economic and social value. The man without work and without home, applying for help, is given nothing gratuitously unless from hunger or illness he is manifestly unable to work. If he is able to work there is a variety of labor ready for him through which he may find a home, friends, clothing, food, sympathy, love and a modest remuneration. He may be placed upon a wagon and set to collecting discarded material from the homes of the city. If he be a tailor, cabinetmaker, painter, or a shoemaker, there is employment in the repairing of used clothing, furniture, stoves, shoes and so on.

A list of articles received is most amazing and instructive: Paper, rags, twine, clothing, shoes, metals, bottles, kitchen utensils, bedroom, kitchen, parlor and office furniture, crockery, glassware, clocks, carpets, books, magazines, pictures, cutlery, stoves, pianos, umbrellas, pillows, antiques, hats, ribbons, artificial flowers, lamps, sewing machines, phonographs, jewelry, among usual and common things: but we have also received such uncommon and special articles as invalid's chairs, crutches, artificial teeth, limbs, eyes and hair, which may also be turned into cash.

Your old nwspapers, magazines, clothes, furniture, etc., have provided in a year 3,163,878 meals; 1,063,608 beds and cash paid to the otherwise unemployed in exchange for the labor of collecting, sorting, repairing and distributing this material.

If the man possesses no especial skill there is, beside the collecting of the used material, the sorting and baling of paper and rags, the care of the horses and the wagons, and the janitorial labors open to him.

In the big cities the Salvation Army places all of the repaired clothing in its storerooms and daily conducts auctions, while regular sales go on at all times. Here whole families are outfitted with hats, coats, shoes, as well as furniture, at a trifling cost.

It is the boast of the Salvation Army officers that a wedding can be conducted and housekeeping necessities furnished for ten dollars ($10.00) by patronizing the Salvation Army salesrooms.

Sculpture of Poe.

Olaf Mjorkman, American-Scandinavian sculptor, has created an impressionistic sculpture of Edgar Allan Poe, with the raven hovering over the head of the great American poet. It is considered one of the most remarkable conceptions of the subject—Argonaut.

TEETH EXTRACTED AND FILLED WITHOUT PAIN
By the Use of Laughing Gas—Vitalized Air.

Nervous people and those who dread having their teeth extracted or filled are invited to call at our office, where we will demonstrate to their entire satisfaction our claim to painless denistry. The magnitude of our practice enables us to have a specialist for each branch. Specialists excel in denistry as much as in medicine. We have the only office in Lynchburg having special departments for the various branches of denistry. It is a pleasure for our large corps of skilled experts to explain our new mode of painless denistry. We have no students.

Let the Wild Cats Alone!

Every now and then somebody calls to ask for our opinion of some get-rich-quick scheme in which he or she has been asked to invest. For several years past the country has been flooded with bonanzas (?), and many people, to their sorrow, have put money into them.

Occasionally some good but misguided man who has already bought a "wild cat" stock, calls on us seeking information. We like always to be encouraging, but on such occasions we feel very much as we imagine the doctor does who has to tell his patient the worst.

It is for the reason that there are very bad as well as very good securities that we advise prospective investors in any issue to investigate it thoroughly.
